6 CERTIFICATION OF THE DECLARATION

This Declaration is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. This Declaration is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes. This Declaration is not a full assessment of environmental impacts from the life cycle of this product.

Accuracy of claims made in this Declaration is the sole responsibility of the manufacturer and the certifier, if any, listed in Section 6. The Health Product Declaration Working Group, Healthy Building Network and Building Green do not warrant any claim made in this Declaration, explicit or implicit. This Pilot Health Product Declaration was generated during the HPD Pilot Program following the requirements of the Pilot and is not a final Health Product Declaration. Users should request an HPD compliant with the most current version of the Health Product Declaration Open Standard.

The Health Product Declaration (HPD) is an open standard format developed by the HPD Working Group, with the support of the Materials Research Collaborative, a non-profit collaboration of the Healthy Building Network and Building Green. This form for the HPD Pilot Program was created with design assistance from Perkins+Will.
