

UNIVERSITY OF SCRANTON UNVEILS NEW ATHLETIC FIELD HOUSE WITH LOCKERS & PARTITIONS FROM SCRANTON PRODUCTS

The University of Scranton in Scranton, Pa. recently unveiled its new \$14 million sports complex featuring three all-purpose turf fields, bleacher seating and a 4,000-square-foot field house highlighted by Scranton Products lockers and restroom partitions. The state-of-the-art “Kevin P. Quinn” Athletic complex is the latest phase in the university’s plans to improve student athlete competitiveness, beautify the neighborhood and complement South Scranton’s revitalization efforts.

“WE BUILT A SPORTS COMPLEX THAT WOULD BE THE ENVY OF NEIGHBORING INSTITUTIONS AND THE PRIDE OF OUR ENTIRE COMMUNITY,” EXPLAINS JIM DEVERS, THE ATHLETIC COMPLEX’S PROJECT MANAGER AND ASSOCIATE VICE PRESIDENT FOR FACILITY OPERATIONS AT THE UNIVERSITY OF SCRANTON FOR 33 YEARS. “PRAGMATIC STYLE COUPLED WITH LONG-LASTING FUNCTIONALITY IS THE WAY WE ENVISIONED THE FIELD HOUSE, WHICH SERVES AS A CONTEMPORARY HUB FOR ALL THE DIFFERENT BALL FIELDS.”

Devers was equally impressed with Scranton Products’ custom services, which designed the field house lockers with the university’s squib “S” logo and purple signature color.

THE UNIVERSITY
OF SCRANTON
HDPE LOCKERS

“THE COMPANY’S HDPE HINY HIDERS® PARTITIONS AND TUFFTEC® LOCKERS ARE USED IN NEARLY EVERY BUILDING ON CAMPUS. WE KNEW EXACTLY WHAT WE WERE RECEIVING WHEN WE PLACED THEM IN THE NEW FIELD HOUSE. THE QUALITY IS FANTASTIC AND AS FAR AS I KNOW HAVE NEVER BEEN REPLACED THROUGHOUT MY TIME AT THE UNIVERSITY.”

Built to withstand the wear and tear of athletic, healthcare and recreational environments. Scranton Products’ Tufftec lockers feature a non-porous surface that is easy to clean and naturally resistant to bacteria, odors, mold and mildew. The company’s Hiny Hiders® partitions also never need painting and offer superior resistance to dents, scratches, graffiti, corrosion, mildew and moisture.

According to Devers, Scranton Products has played an important role at the college for decades. “The company’s HDPE Hiny Hiders® partitions and Tufftec® lockers are used in nearly every building on campus. We knew exactly what we were receiving when we placed them in the new field house. The quality is fantastic and as far as I know have never been replaced throughout my time at the university.”
