

SKY ISLAND CAPITAL PORTFOLIO COMPANY ACQUIRES CERTAIN ASSETS OF METPAR CORP.

Dallas, Texas – January 5, 2026 – Sky Island Capital (“Sky Island”), a Dallas-based lower middle market private equity firm, is pleased to announce that its portfolio company, Scranton Products Inc. (“Scranton Products”), has acquired certain assets of Metpar Corp. (“Metpar” or “the Company”). Founded in 1952 in New York and now solely based in Greeneville, Tennessee, Metpar is one of the largest bathroom partition manufacturers in the United States, producing partitions in powder-coated metal, stainless steel, phenolic, and solid plastic. In addition, Metpar produces two proprietary brands, Solitude, a high-privacy, phenolic partition system and Dur-A-Tex, a unique textured surface steel partition line.

“Metpar’s product lines complement our existing offerings in a way that allows us to better serve our long-standing customers. Many have asked for solutions in material types we previously could not provide, and now we can deliver. This acquisition strengthens our ability to meet diverse project needs and opens the door to new opportunities for growth.” remarked Rob Donlon, Chief Executive Officer of Scranton Products.

Metpar brings a nationwide distribution network serving all 50 states across the country. The Company also serves a number of blue-chip national accounts and has several projects of note, including Citi Field, Spectrum Center, Barclays Center, and Los Angeles International Airport. By leveraging Metpar’s presence in key end markets including office, healthcare, retail, commercial, manufacturing, and hotels & casinos, Scranton Products can now extend its reach and deliver a broader range of solutions.

Metpar is Scranton Products’ first add-on acquisition under the management of Sky Island Capital.

About Sky Island Capital

Sky Island Capital (www.skyislandcap.com) is a lower middle market private equity firm headquartered in Dallas, Texas that focuses exclusively on partnering with privately held manufacturing companies in North America. Sky Island was born out of the desire to work alongside entrepreneurs and family business owners to serve as a resource and strategic partner with one goal in mind – growth. Sky Island focuses on situations where it can draw upon its deep operational and management experience to support senior management in driving significant value creation through operational and strategic partnership.

Sky Island is currently investing out of its second fund and is actively looking for new manufacturing partnerships.

About Scranton Products

Founded in 1978, Scranton Products Inc. (www.scrantonproducts.com) is a leading manufacturer of highly-engineered privacy partitions and lockers. The Company operates out of its headquarters in

Scranton, Pennsylvania. Through continuous investment and an emphasis on process improvement, the Company has developed state-of-the-art capabilities and the capacity to provide privacy and storage solutions for customers both large and small, offering a wide range of colors and finishes, with multiple distinct product lines and 200+ product customizations.
